TRADESATISFACTORY

VOLUME OF BUSINESS AS LARGE AS USUAL AT THIS SEASON.

BEST REPORTS FROM THE WEST.

Outlook There Continues Eminent Agreeable to the Agricultural Interests—Wheat Situation Shows Little Change on the Week.

NEW YORK, May 27.—Bradstreet's will say to-morrow: A total volume of business fully proportioned to or in excess of that usually noted at this season of the year is indicated by reports to Bradstreet's this week. In most sections of the country the situation generally remains satisfactory. The volume of bank clearings, as was to be expected, shows the contraction usual toward the close of the month of May, but with few exceptions the crop situation, the volume of railroad earnings, and the reports from a number of leading industries point to a maximum volume of business in most parts of the country. Relatively, the best trade reports continue, as for some time past, to come from the Central West and Northwest, where the outlook, both as regards crop-yield and prices, continues eminently satisfactory to the agricultural interests.

The wheat situation shows little change on the week, but this and next year's crop appear to have parted company, as shown by the increased stringency of the prices of wheat for immediate use, pointing to unimpaired strength in the near-by statistical position, while on the other hand, the large yield forecasted needs to be met in the prices of next year's crop delivery. The price of corn reflects less anxiety about the crop, induced by the return of weather favorable to planting and growth.

COTTON. Weather conditions do not altogether favor the cotton crop, but the weather during explained of throughout most of the South Atlantic and Gulf States. The possibility of overyielding, upon the realization of a large crop, is reflected in the increased interest manifested in spot and August delivery cotton, the latter selling at a considerable premium over next season's delivery.

Reports from the iron and steel industries are of very large business being done by the mills and furnaces. Steady accumulation of the long-looked-for improvement in the wool trade is nearer realization.

Cereal exports still continue unprecedentedly heavy, wheat shipments for the week aggregating 4,399,133 bushels, against 4,064,976 bushels last week, 2,961,000 bushels in 1896, and 2,425,000 bushels in 1895. Corn exports are among the largest on record, aggregating 6,164,656 bushels this week, against 5,559,000 bushels last week, 2,135,000 bushels in 1896, and 1,725,000 bushels in 1895, 1,049,000 bushels in 1896, and 812,000 bushels in 1894.

FAILURES.

Business failures in the United States number 231, an increase of 30 over last week, but compared with 257 in this week a year ago, 227 in 1896, and 183 in the corresponding week of 1895.

Business failures in the Dominion of Canada this week number 13, only one-half those of last week.

FLOOD MEN DID NOT BOLT.

A Friend of the Senator's Tells About the Nelson Meeting.

Mr. W. N. Dowson, of Nelson county, was in the city yesterday, and in discussing the trouble that occurred in the Democratic meeting in his county, said the idea that the Flood men bolted was entirely erroneous. He said the County Democratic Committee, at April court, by a vote of 19 to 1, decided in favor of a mass-meeting and against magisterial district meetings to elect delegates to the congressional convention; that in this idea the county was worked up by Messrs. Glasgow and Flood; that there was a large crowd present, probably between eight and nine hundred. The meeting was called to order in the court-room, which only held about one-third of the crowd. Most of the Glasgow men were in the court-room, but there was standing room for only a few of the Flood men.

Mr. John Horsley was elected chairman; after which Mr. B. T. Gordon, of Nelson, was called on to make a speech. He responded by stating that he was not a candidate for Congress, and one or the other of the gentlemen who had canvassed the county ought to have the delegation. A resolution was then offered that the meeting separate into district meetings to select delegates. This was opposed by the Flood men. The chair declared the motion carried; a division and count were asked for, and it was stated that as two-thirds of the crowd was outside the division court, the meeting was adjourned. This was objected to by the Glasgow men, but the chair ruled that a division was in order, that the crowd could not get in the court-room, and he would take it outside. Mr. Horsley then went outside. The motion to divide into districts was defeated on a division, and delegates were elected and instructed for Flood.

Some of the anti-Flood men remained in the court-room, elected another chairman, separated into district meetings, elected delegates, and instructed them for Gordon.

The condition of Miss Nellie Rogers was reported as unimproved last night. Miss Louise Booker, of Old Point, in visiting Miss Montague, at No. 511 west Franklin street.

WITH THE FLEETS.

ADVANTAGE OF HAVING ADMIRAL CERVERA BOTTLED UP.

SAMPSON JUST CRUISING ROUND.

Schley's Force Considered Ample Sufficient to Deal Satisfactorily With the Spaniards—Now for That Movement of the Army.

(Copyrighted by the Associated Press, 1898.)

OFF THE NORTHERN COAST OF CUBA, May 27, 2 A. M., via KEY WEST, May 27.—At 10 o'clock last night the Dolphin ran alongside the flagship New York. Her lights showed that she bore dispatches for Rear-Admiral Sampson. The commander of the Dolphin shouted through the megaphone: "I have dispatches from Commodore Schley to the Commander-in-Chief." A cheer went up from the crowded decks of the New York. Commodore Schley's dispatches were off Clefuegos.

"Absolutely nothing definite can be said," was the reply which Captain Chadwick, of the New York, made to a question as to what had transpired.

Since he heard of Admiral Cervera's arrival at Cienfuegos, Rear-Admiral Sampson has repeatedly said he believed the Spaniards would go to Clefuegos or Santiago de Cuba.

THE ADMIRAL'S FORECAST. To prove that the American admiral was almost sure the Spaniards would be caught, the following may be divulged without a breach of confidence. When the ships of Commodore Schley's Division were sailing out of Key West, under Rear-Admiral Sampson's orders, the Admiral set the signal to Captain Philip, of the Texas: "You are going to nab the Spaniards, and good luck to you."

Since then, the Rear-Admiral has been cruising around, as he put it, "on a reconnaissance," to make the position of the Spaniards, either in Clefuegos or at Santiago de Cuba; but he took all measures to guard against a possible evasion of Commodore Schley's force. He believed the Spaniards would be bottled up in the eastern or western passage, though there is little doubt that the Commodore, had he met the Spanish ships, would have defeated them.

There is good reason to believe that, from a tactical point of view, more can be gained by the Spaniards being bottled up in Santiago de Cuba than in an engagement which, though it would result in a victory for the Americans, might have resulted in some damage to our ships.

SPANISH FLEET HELPLESS. In the harbor of Santiago de Cuba the Spanish fleet have been helpless. The channel leading into the harbor is narrow, and the enemy can either be kept a prisoner there by sinking a few hulks in the channel, or can be destroyed by a superior force.

If Commodore Schley has successfully accomplished his object, there now seems nothing to prevent active operations upon the part of the army. This is the idea of the best naval authorities. The capture of the Spanish fleet is not what is a month ago, but it is far better it will be a month hence, and before another Spanish fleet can reach these waters the naval authorities hope to see our troops in possession of a base of operations. Commodore Schley is now able to cover the landing of the troops, and enable the military forces to get ashore without hindrance.

ENTHUSIASM AMONG SOLDIERS.

Intense enthusiasm reigns to-night among the officers and men over the news, even if it is not what is absolute certainty of the success of the work of the last month. The days have passed slowly and wearily, and no persons have chafed more over the delay and inactivity than those who have been cruising in the Spanish fleet at Santiago de Cuba. It is almost as complete a victory as could have been expected by a naval commander. The Spaniards' policy was to avoid an encounter, and it would have been difficult for Rear-Admiral Sampson's fleet to have overhauled or captured them, if it had not been for the fact that the smoke of one of the rear admiral's own boats.

The situation was naturally great. This was not caused by any feeling of doubt as to the result of a naval engagement, for Rear-Admiral Sampson's fleet has been so active since it left Key West that the Spaniards would have been completely annihilated if they had offered fight.

STRENGTH OF OUR FORCES.

The fleet, as at present constituted, without Commodore Schley's command, and without the ships actually engaged in the blockade, forms the most powerful squadron ever gathered by the United States navy. Then again, Commodore Schley's ships are fully able to defeat the Spanish force under Admiral Cervera, even under conditions favorable to the enemy, a state of things which is thought to exist at Santiago de Cuba. It would be a waste of time for the Massachusetts, Texas, and Iowa to sink the Vizcaya, Almirante Oquendo, Cristobal Colon, and Maria Teresa, if the latter attempted to file out of the harbor.

A Pardon to Walter Cox.

Governor Tyler yesterday issued a pardon to Walter Cox, who was sentenced in the County Court of Grayson in May, 1897, to nine years' imprisonment for the murder of a man named Pugh. Cox got into a difficulty with Pugh, who was a moonshiner, and who had beaten one of Cox's brothers. After the occurrence, Pugh followed him and his brothers and attacked them with brass knuckles and a stick, whereupon Cox shot him.

The grounds upon which the pardon was granted were: First, the examination of after-discovered evidence; and, second, the requests of worthy and prominent citizens of the county, who knew the circumstances under which the current case took place. Public sentiment was strongly in favor of the pardon, and the Judge and Commonwealth's Attorney of the county interposed no objections. Cox's conduct in prison has been unusually good.

Mr. Willis Slightly Better.

The condition of First-Sergeant Carey Willis, of Company D, Third Regiment, who was injured by a fall from a window Tuesday night, was thought to be improved last night. He has never fully regained consciousness, but at one time yesterday afternoon his mind seemed very nearly clear. He is at the Old Dominion Hospital, where his wife is constantly with him. His father also arrived yesterday from Charlottesville.

An Aged Lady Passed Away.

Mrs. K. W. Stinson died yesterday morning at 7:30 o'clock at the residence of her son-in-law, Mr. Edward F. Woodward, No. 111 west Cary street. Deceased was in her 81st year.

The funeral will take place from the City-Street Methodist Episcopal church this morning at 11 o'clock.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

SERGEANT FIRED ON.

APPARENT EFFORT TO TAMPER WITH MORTARS AT KEY WEST.

THREE MEN AND A CARRIAGE.

Also, a Suspicious-Looking Package.

The Sergeant Receives a Flesh-Wound—The Strangers Are Fired At, But Escape.

KEY WEST, FLA., May 27.—A sergeant of artillery on duty at a mortar battery near Fort Taylor was fired upon early this morning by three unknown men, whom he says he knows to be Spaniards. The fire was promptly returned, but the men escaped.

The affair, which is involved in a good deal of mystery, began yesterday evening, when three swarthy men made an attempt to enter the gate of the reservation, but were summarily turned off by the sentry. No further attention was given to the incident until last night, when, between 10 and 11 o'clock, the sergeant of the artillery guard near the mortar battery discovered the figures of three men a few yards ahead of him. Almost simultaneously with the discovery they opened fire upon him with pistols. Three bullets whizzed past the sergeant, and a fourth lodged in the fleshy part of his left arm just above the elbow. The sergeant dropped his raised rifle, and as he did so, before he could raise his rifle again, the men turned and fled. He sent several shots after them and then went for the guard.

STRANGERS AGAIN APPEAR.

A sharp lookout was kept for the strangers, and soon after midnight a suspicious noise was heard outside the gate near which the mortar battery is located. An investigation resulted in the discovery of a carriage just outside the gate. The sergeant gave orders to fire, and a volley was sent at the vehicle. A moment later, it appears, three men were seen running up the street, and the fire of the soldiers were directed upon them. The sergeant declared that on the occasion of the last visit of the strangers, one of the latter carried a suspicious-looking package about three feet long. The sergeant who was the principal in the adventure with the three strangers is Charles Richards, Battery B, First Artillery.

THE PRESBYTERIAN ASSEMBLY.

Dr. Alexander, of Nashville, Stated Clerk—Disregard of Sabbath.

NEW ORLEANS, LA., May 27.—At the meeting of the General Assembly of the Presbyterian Church to-day, Rev. J. N. P. Summerville, of South Carolina, presided. Dr. R. P. Kerr handed in the resignation of Dr. Joseph Wilson, stated clerk of the Assembly, and it was accepted. Dr. Alexander, of Nashville, was made his successor.

The standing Committee on Narrative submitted a report concluding as follows: "It will be seen that whilst there has not been any remarkably widespread and powerful outpouring of the Holy Spirit, nevertheless the Spirit's special influence and power have been experienced throughout the bounds of our beloved Zion. The missionary spirit is evidently increasing, both as to home and foreign work. The spirit of worldliness is reported as diminishing. Although family religion is sadly neglected, our youth are still being 'trained up in the nurture and admonition of the Lord by earnest and consecrated Sabbath-school teachers. So we have reason to 'thank God, take courage, and go forward,' in the name of our Lord."

The report was adopted. The standing Committee on the Sabbath submitted a report setting forth that there is a growing disregard of the Sabbath day, and that it is not confined alone to non-Christians. Some of our people seem to disregard the law and principle of the Sabbath, as expressed in the Decalogue, and are governed very often by personal convenience and interest of worldly gain and sensual pleasure. The committee advised that the Assembly call upon all our people to use their utmost personal influence for the Scriptural observance of the Sabbath as the Lord's day. The report was adopted. After routine business, the Assembly took a recess till 3 P. M.

EXCHANGE OF PRISONERS MADE.

Correspondents Thrall and Jones En Route for Key West.

WASHINGTON, May 27.—The State Department has been notified by British Consul Gollan, at Habana, that the exchange of prisoners has been effected, and that the Maple, with Charles Thrall and Hayden Jones, the American correspondents on board, has sailed for Key West.

Lieutenant Blow's Detail.

Colonel Taylor, of the Fourth, received a telegram from Lieutenant William N. Blow, of the regular army, now in Portland, Me., to the effect that he will be in Richmond in a few days.

Lieutenant Blow will become one of the majors of the Fourth, his detail for this purpose having been requested by Governor Tyler. Lieutenant Blow's regiment is now stationed in New Mexico, but he is away on leave. He is a native of Norfolk and a graduate of the Virginia Military Institute.

Mr. Charles E. Berry Dead.

Mr. Charles E. Berry, a son of the late Andrew Berry, died yesterday morning at 8:45 o'clock. Deceased was a sufferer from consumption, having been in ill-health for some time. His first wife died of this disease, and he married the second time only about three weeks ago. His wife survives him. Mr. Berry was in his 58th year.

The funeral will take place from the First Baptist church to-morrow afternoon at 4:30 o'clock. The interment will be in Hollywood.

Mrs. Taylor, wife of Colonel George W. Taylor, of the Fourth, accompanied by her three girls, reached the city from Norfolk last night, and will be here several days.

ORDER FROM LEE.

BRIGADING OF TROOPS AT TAMPA AND JACKSONVILLE.

THE GENERAL'S STAFF ANNOUNCED.

Headquarters of His Corps, the Seventh, May Be Moved to the Florida Metropolis—Other Tampa Notes of Interest.

TAMPA, FLA., May 27.—Major-General Lee issued an order to-day for the brigading of the troops at Tampa and Jacksonville, embraced in the Seventh army corps. The order made no changes from General Shafter's general order of last night. Brigadier-General Guy V. Henry will take command of the first division and Brigadier-General A. K. Arnold of the second division. The organization of the corps will be completed in later orders as other volunteer regiments arrive and go into camp. This will not be for several days, as the corps will be made up of twenty-seven regiments when completed, while only a third of this number are now in camp here and at Jacksonville.

It is ordered that the general officers of the troops already in camp select their aides from the officers belonging to their respective commands. The condition of some of the volunteer regiments is sadly deficient as regards arms and clothing, and so urgent have become the requirements in this respect that no supplies will be issued to the regular troops until the volunteers are equipped and in readiness for action. The lack of arms, especially, has been sadly felt. Volunteer brigade commanders have been ordered to report to the chief quartermaster at once the tentage, clothing, and means of transportation on hand, and what is required, and to the chief ordnance officer the character and quality of arms on hand, and what is needed for a complete equipment. The wants of the volunteer regiments will be filled as fast as the reports are made.

GENERAL LEE'S STAFF.

Major-General Lee's staff was announced to-day as follows: Personal staff—First Lieutenant: Algonzo Sartoris, First Regiment Volunteer Engineers; First Lieutenant Fitzhugh Lee, Jr., First Regiment Volunteer Engineers; First Lieutenant Carlos Carbone, First Regiment Volunteer Engineers. Corps staff—Colonel: J. N. Morrison, Dorset, assistant adjutant-general; Captain R. E. L. Michie, assistant adjutant-general; Lieutenant-Colonel William R. Livermore, chief engineer; Lieutenant-Colonel J. D. Miller, Second Artillery, deputy judge-advocate-general; Lieutenant-Colonel M. Maus, chief surgeon; Lieutenant-Colonel C. P. Miller, chief quartermaster; Lieutenant-Colonel O. E. Wood, chief signal officer.

SHAFER'S STAFF.

Major-General Shafter's staff was also announced as follows: Personal staff—First Lieutenant: R. H. Noble, First Artillery, aide; First Lieutenant J. D. Miller, Second Artillery, aide; Captain J. C. Gilmore, Jr., assistant adjutant-general; Captain J. C. Gilmore, Jr., assistant adjutant-general; Major J. W. Jacobs, quartermaster, acting chief quartermaster; Major J. W. Jacobs, chief surgeon; First Lieutenant Frank Greene, signal officer. The First Florida Regiment of volunteers, which was camped on the old Fort Brooke reservation, broke camp to-day, and marched to the new volunteer camp at Palmetto Beach, where the Thirty-second Michigan, Third and Fifth Ohio, and Second Georgia are located. It is a temporary arrangement for the concentration of the volunteer troops.

LEE LIKES CAMP-GROUND.

General Lee is pleased with the camp-ground, which is really the most favorable around Tampa, having plenty of shade, and the water is available from a spring in the camp.

Should there be no immediate moving out of the regular troops, in which case the volunteers would occupy the old camp-ground, it is very probable that a new location will be sought, if not at Tampa, then at some other point. Both Jacksonville and Miami have been considered in this respect.

The availability of Jacksonville, especially, is a point for the thousands of volunteer troops to arrive. It is understood, being under discussion, and General Lee's visit of inspection to the Florida metropolis yesterday may ultimately result in the establishment of the headquarters of the Seventh Army Corps at that point. All this, of course, is contingent on the time of the movement towards Cuba.

ASSIGNMENTS BY SHAFER.

The following assignments were made by General Shafter to-day:

Captain A. E. Sharp, Twenty-second Infantry, Adjutant-General, First Division; First Lieutenant C. M. Truitt, Twenty-first Infantry, Adjutant-General, Second Division; Lieutenant E. St. J. Geolio, Second Artillery, Adjutant-General, Second Division; Lieutenant H. C. Carbaugh, Fifth Artillery, Adjutant-General, Second Division; Lieutenant J. D.
